

**TOWN OF TRUMBULL
CONNECTICUT**

Trumbull Conservation Commission Meeting
Wednesday, November 30, 2016
7:30 pm
Nichols Room, Trumbull Town Hall

Present: Commissioners Joanne Parsons, Kim DiCorpo, Tim Coughlin, Lars Jorgensen, Richard Post

Absent: Commissioners Mary Ellen Lemay

Also Present: Don Watson, Dale Parsons, Al Palatiello, Seth Shepard and Bill Maurer, Engineering Department

The meeting was called to order at 7:30 pm by Vice-Chairman Mrs. Parsons in the absence of Chairman Lemay.

Mr. Maurer from the Engineering Department presented an application for a subdivision for 110 Fernwood Road which is currently being reviewed by the IWWC. This application is unique for the Town of Trumbull and the density is disturbing. Several aspects of the application were discussed including the serious environmental issues, clear cutting of the area, foundation and drainage issues affecting the water table, wetland considerations, hardship application, impact on watershed, DEP regulations regarding wetlands, chemical pollutants, erosion, siltation, water and air quality, flood zone, porous pavement and drainage system design.

The Commission was in agreement that Mrs. Parsons would prepare a letter to be presented at the IWWC meeting on December 6 regarding this application and the environmental impact it holds.

Mr. Maurer also presented an application for Oakview Drive which did not have any concerns for the Commission at this time.

Adjournment

There being no further business, motion was made by Mr. Jorgensen, seconded by Mr. Post, to adjourn the meeting at 8:30 pm. Approved unanimously.

Respectfully submitted,

Barbara Crandall
Clerk
