ADDENDUM # 2

Bidders are hereby informed that the Bidding Documents for the above mentioned Project are modified, corrected, and/or supplemented as follows. Addendum No. 2 becomes part of the Bidding Documents and Contract Documents.

Acknowledge receipt of this addendum by inserting its number in the Bid Proposal form. Failure to acknowledge receipt of the Addendum may subject the Bidder to disqualification.

Bidding Period Questions & Responses

The following responses/clarifications are based on questions raised to date during the bidding period. Questions from bidders are shown in italics, responses are shown in **bold** text.

- 1. Due to the depth of the sanitary sewer repairs, can an alternating traffic pattern be continued overnight if the sewer repair is not completed in one day?*

An alternating traffic pattern cannot be continued overnight. If the work is not completed during the course of the work day, the excavation will either need to be temporarily backfilled or properly protected so that the roadway can be re-opened to two-way traffic overnight.
