

**Addendum No. 1
to the Bidding Documents for Bid 5954**

**Shelton Road Pavement Rehabilitation Project
Town of Trumbull, Connecticut**

Issued August 10, 2012

Bidders are hereby informed that the Bidding Documents for the above mentioned Project are modified, corrected, and/or supplemented as follows. Addendum No. 1 becomes part of the Bidding Documents and Contract Documents.

Acknowledge receipt of this addendum by inserting its number in the Bid Proposal form. Failure to acknowledge receipt of the Addendum may subject the Bidder to disqualification.

Project Manual Changes

Item 1-1 Table of Contents

Add Section "List of Items of Work directly referenced in the Connecticut DOT Form 816, Supplements and Amendments Thereto for Item Description, Materials and Construction Methods:"

Add the Item of Work "0209000 - Formation of Subgrade" and "0975002 - Mobilization" to the section "SPECIAL PROVISIONS (Included in this Document)."

Add the Item of Work "0406010-4A - Bituminous Asphalt Class 4" to the Section "List of Items of Work directly referenced in the Connecticut DOT Form 816, Supplements and Amendments Thereto for Item Description, Materials and Construction Methods:"

Item 1-2 0202502A

Add There will be no direct payment for the process aggregate base (7" - 9" thick). The thickness of the process will range between 7 to 9 inches in depth. All materials, equipment, tools and labor incidental thereto shall be included in the Bid price for Removal of Concrete Pavement.

Item 1-3 0406010-4A

Add The cost to fine grade the entire roadway prior to the installation of asphalt binder course including all materials, equipment, tools and labor incidental thereto shall be included in the Bid price for "Bituminous Concrete Class 4".

Drawing Sheet Changes

Item 1-4 On Plan sheet C3.1 and C3.2, change "extruded concrete curb" to "full depth concrete curb" as detailed on sheet C4.1.

END OF ADDENDUM NO. 1

ITEM #0406010-4A – BITUMINOUS CONCRETE CLASS 4

Bituminous Pavement Class 4 shall be constructed in accordance with Article 4.06, supplemented or amended as follows:

Article 2.02.05 – Basis of Payment: Add the following:

The cost to fine grade the entire roadway prior to the installation of asphalt binder course including all materials, equipment, tools and labor incidental thereto shall be included in the Bid price for “Bituminous Concrete Class 4”.

ITEM #0202502A – REMOVAL OF REINFORCED CONCRETE PAVEMENT

See Section 01010 for Removal of Concrete work sequence.

Reinforced concrete pavement shall be removed in accordance with Article 2.02, supplemented or amended as follows:

Article 2.02.03 – Construction Methods: Add the following:

Where concrete pavement is shown in the limits of full depth reconstruction, the Contractor shall remove and properly dispose of the existing reinforced concrete pavement and replace the concrete pavement with processed aggregate base in accordance with Form 816, Article 3.04.

In the event that removal of reinforced concrete pavement or bituminous concrete pavement creates a vertical drop greater than 2 inches, the Contractor shall temporarily provide a 4H:1V traversable slope of suitable material in those areas where a vertical drop exists to protect against construction activities and maintained traffic.

Article 2.02.05 – Basis of Payment: Add the following:

There will be no direct payment for the traversable slopes or for saw cutting of the concrete pavement. All materials, equipment, tools and labor incidental thereto shall be included in the Bid price for Removal of Concrete Pavement.

There will be no direct payment for the process aggregate base (7" – 9" thick). The thickness of the process will range between 7 to 9 inches in depth. All materials, equipment, tools and labor incidental thereto shall be included in the Bid price for Removal of Concrete Pavement.
