Ranger Division

Parks and Recreation Commission
Ranger Division January 2022 Report

Commissioners,

This report is a summary of the Ranger Division activities for the months of December 2021 and January 2022. Winter was in full swing and even with the cold weather and a couple of snow storms, the parks and Rails 2 Trails was still pretty active. There were multiple reports of ATV presence in Twin Brooks and the River Valley and evidence of Snow Mobile activity in Unity after snow storms. Littering and dumping remains an issue in some of the parks and there was an increase of dogs off leash.

In December 2021, Rangers responded and took 26 written reports for Dogs off leash, Damage to Park Property and Littering. There were 15 parking violations issued and 5 written parking warnings.

In January 2022, Rangers responded and took reports 26 Written reports for Hazards, ATV/Snow Mobiles, Ice Skating, Conduct and Behavior, and Dogs off Leash. 8 parking violations were issued and 4 written warnings.

There were 1 permitted event in Unity Park which was conducted by the Trumbull Health Dept. Rangers assisted with the control of traffic.

Three Part Time Rangers have been hired and are currently in training, this brings the total of part time rangers to eight.

I would like to thank Ranger Marde for taking initiative and handling ranger matters in my absence.

Respectfully Submitted
Steven Chapman
Chief Park Ranger
