Re: Professional Design Services;  
Conceptual Designs for a Fitness & Wellness Center Addition;  
Trumbull High School  
72 Strobel Road, Trumbull, CT

Dear Mr. Cote:

The following is our proposed scope of professional services and fee for the above referenced project.

It is our understanding that the Trumbull Public Schools is requesting a fee proposal for conceptual designs for a proposed 6,000 square foot Fitness & Wellness Center addition at the Trumbull High School. The conceptual drawings will include but not be limited to floor plan(s), elevations and exterior rendering(s), as well as the preparation of the Educational Specifications for the project. The proposed addition will house one to two wellness classrooms as well as approximately thirty fitness and exercise machines. Our services will also include coordination with a Construction Manager or Professional Cost Estimator as required to prepare a construction budget.

Per your request, we are presenting this proposal for architectural services to prepare conceptual designs for the Trumbull Public Schools.

We propose to provide these professional design services for a fixed fee as follows:

Conceptual Design Fee	\$6,800
-----------------------	---------

Thank you for the opportunity to provide this proposal. Please contact me if you have any questions. We look forward to working with you on this exciting project.

Sincerely,  
ANTINOZZI ASSOCIATES, PC

Paul A. Lisi, AIA
