

**Golf Course Commission  
Green Sub-Committee Meeting Minutes  
January 11, 2023**

**Members Present:** Shelly Dowling (Green Committee Chair); Nate Moyer; Andy Fries, Bobby Brown

**Members Absent:** Owen Evans

Mrs. Dowling called the meeting to order at 10:00 AM.

**Topics Discussed:**

- Snow Mold applications for the year are complete.
- Sand was applied to the greens and several tees on both courses. This will help protect the roots from winter damage and help level the surfaces.
- The crew is working on irrigation and backfilling the area next to the newly paved area.
- Mr. Fries and Mr. Brown will be meeting with the golf course architect on January 18<sup>th</sup>
- The crew is working on removing dead trees and hangers around the course while the weather still allows outside work.
- The crew is also working on refurbishing course amenities for next year. They will also move to the clubhouse for some refurbishing projects.
- Mr. Fries will be investigating Track Mats for use on the range to prevent excess wear and tear.
- Weather permitting some bunkers edges will be rebuilt and several will have sanded added.
- Equipment maintenance is progressing nicely and the equipment should be in great shape to start the season.
- The applicants for the Mechanic position will be interviewed and tested shortly.
- As previously discussed, the flag tenders on the course were stolen once again and will not be replaced.
- Mr. Fries will explore the First Green program which establishes a day where local students are brought to the course to learn various aspects about working on and managing a golf course. He is hoping to arrange for various industry experts and Tashua staff members to be part of the program. More details to follow.

**Adjournment:**

The meeting adjourned at 10:50 AM

Respectfully submitted,  
Christine Plumeau  
Administrative Assistant
