1. RESOLUTION TC31-47: Moved by Wolf, seconded by Isaac
   BE IT RESOLVED, That $30,000 is hereby appropriated from the Fund Balance to 01030200-578802.

   George Estrada explained the need for the study was due to the properties being vacant for several years and public safety concerns. The neighbors have consistently reported concerns to the police, and the police have had consistent callouts to the area. The town has expanded its efforts to secure the properties. The survey will include analysis of the interior of the properties, including lead paint and asbestos analysis to quantify the remediation costs.

The company that will provide the survey is a pre-qualified vendor used by the BOE for similar services. The previous surveys done on these properties were exterior and this one will focus on the interior. It was confirmed the survey must be done by a state-licensed provider and that the Town does not have the necessary credentials.

VOTE: Motion CARRIED by unanimous consent.
