NEW BUSINESS

NEW BUSINESS OPENED at 7:04 pm

Application 21-61	Moorefield Farms Development	Remove existing driveway and replace with topsoil; remove all white pine trees & replace with 6 giant arborvitates; 2 footing drains and remove telephone pole within a regulated area at 2157 Huntington Turnpike.
-------------------	------------------------------	---

Alan Shepard of Nowakowski O’Bymachow Kane Associates told the Commission that this application is for cleanup items. Driveway-remove asphalt and replace with topsoil; the large trees are past their peak and will be replanted with arborvitates; the footing drains to discharge is for 3 houses only and remove the telephone pole. The town Civil Engineer recommended that the applicant clarify the quantity of tree removal, outlet structure and a site monitor submit weekly reports throughout the project. Trees to be removed should be marked with ribbon and mark out where the footing drains and outlet structure will be. The applicant AJ Grasso questioned why a weekly monitor was needed and feels that weekly is too much and asked if the monitoring was because of the new application even though the work is a minor activity. He stated that work will not be done until the spring.

NEW BUSINESS CLOSED at 7:15 pm

OLD BUSINESS

OLD BUSINESS OPENED at 7:15 pm
