NEIL VELASQUEZ JR
RB-25-69	Residential Building Permit	Alana Urda	34 GARNET ROAD, TRUMBULL, CT 06611	3/14/2025	11000		Garage remodel	
							Scope: Convert the existing garage space into a dining room. 260 SQ. FT. WITH HEADERS AND STAIRS TO THE EXISTING HOUSE.	
							Description: The existing 20’x13’ garage will be converted into living space. Existing outward facing wall, and ceiling remain unchanged. Rear facing wall, will be opened to a length of 11 Feet. A double 2x10 header will be installed for this open space. Existing inside facing wall will be removed. This is a non-load bearing wall. A sub floor will be installed at the height of the existing living room floor.	
							Floor: A 2x8 15 foot Joists, with a double 2x8 20 ft. beam, supported by 5 4x4 posts 5 feet on center. Anchored with Simpson strong tie post base and cap. 5/8x5 inch Simpson anchor bolts will be used for the base support.	
							Z straps will be used to connect the Joists to the beams and 2x8 joist hangers will be used on the outer beams. The floor will be insulated with R19 Faced Fiberglass. A 3/4” interlocking subfloor will be placed on top of the joists. The floor will be finished with a 3/4”x 2 1/4 inch hard wood floor finished and stained to match existing floor (as close as possible). 5 1/4 inch floor molding will be installed to finish the space.	
							Walls: Existing outer wall will be utilized. New walls will be constructed of 2x4s located 16 inch on center. New walls will be constructed with 1/2” Gypsum board, spackled primed, and painted. A 6’x2’ pantry will be installed near existing Kitchen. Melamine shelving system will be installed. A 6 panel sliding door will be installed.	
							The window installed in the existing outer wall will be removed. The hole will be covered with material removed in next step. Two 36X54” Double Hung, replacement windows will be installed. The window gaps will be insulated with spray form.	
							The existing ceiling will remain.	
							The existing front elevation of the house will not change. The garage door will remain. The internal track and opener system will be removed the door will be anchored in place. A 2x4 wall with R19 insulation will be placed on the inside of the existing garage door. A 2” Styrofoam barrier will be placed at the opening.	
							Attic access: The existing attic access will be closed up. A new 22.5x54 in 8 foot wood attic stairs will be installed in the main hallway near the master bed room.	

RE-25-74	Residential Electrical Permit	Alana Urda	34 GARNET ROAD, TRUMBULL, CT 06611	3/14/2025	1100	<p>Electric: Add 50 Amp sub panel in the electric closet. A 50 Amp breaker will be installed in the main panel. 3 ft 6 AWG wire will connect the sub panel to the main panel.</p> <p>Install 3 Circuits from electrical panel to new space (home runs). Two 15 Amp circuits one for lighting and one for Outlets. The third will be a 20 AMP 120V outdoor circuit with a 20 AMP Disconnect installed outdoors, for future AC/Heat Mini-Split unit.</p> <p>8-7" high hats will be installed per plan, around the perimeter of the room. One 4 in round box will be placed in the center of the room for a chandelier/fan. Two Dimmer switches will be installed at the entrance to the new space from the living room. One for lights around perimeter and one for two lights on each side of fire place.</p> <p>6-Duplex outlets will be placed around the room, approximately 6 Feet apart. On the existing wall, PVC boxes will be used and 14/2 Romex will loop between outlets. Outlets will be placed 14" in above the new flooring.</p> <p>One smoke/CO2 will be added to the space.</p>
