We are requesting an increase of \$5,000 for the purchase of e-books which users can download to their e-readers from home. The Library is seeing a surging demand for this service and these additional funds will allow us to begin to build this service.

The Library uses not only Town funds but also Trust funds and funds raised by the Library and groups such as the Friends of the Trumbull Library to support the purchase of collections. The Town side equals to 52% of the total support for collections and 48% is provided through trusts, fundraising, donations and fees.

With this reasonable increase for e-books from the Town and by maintaining current level on the private side, we will be able to meet the informational needs of the community as best we can. With the continued downturn in the economy more and more members of the community are looking to their library to provide informational and recreation materials. There has been no increase in this line item in the last five budget cycles.
