2015	97	We had a referendum on it but it was overturned.
7256	97	No
5836	97	Already rebuilding hillcrest, why build this?
7577	97	bulldoze the current community senior center and sell it. its an old building
14247	99	
6950	97	Site location needs to be able to support all the program needs, including a pool unless a pool is built into the Hillcrest project.
5674	97	We voted no! No means no!! Nothing is going to change our minds. Fund our schools! All we have to offer as a town is good schools and you are blowing that!
9122	97	None thing else
12474	97	The topic is that this "survey" is constructed to offer those in favor of a facility that is ill advised in the current economic landscape support for their position come see us when we're not staring potential recession in the face
10461	97	I would like the Town to stop spending money on consultants and outside vendors that repeatedly ask the same questions (like these) on an issue that was decided via referendum by the residents.
7306	97	I think it is needed and I've heard about it for years, but I think the most important thing they need to do is figure out the total cost and let us know how much we'd have to pay each year, because things can be a lot for the people living here, especial
9624	97	Our taxes and bonds are way too high already. Stop spending our money on properties and surveys. This was voted down by referendum in November. You must adhere to that vote.

7601	97	The StJoseph area on Main St should be evaluated as a possible site
7826	97	Location location location and cost: most important issues
10647	97	We definitely need an indoor poor….it is an embarrassment that a town our size does not have one!
11161	97	It just seems like a weird choice to send a survey considering we voted and it didn't pass. This 25k on the survey itself could have gone to the school budget deficit we're currently in….

5447	97	Flexibility of a large event space to for all types of events including performing arts and plenty of Parking is very important
3492	97	I am strongly against Grace dhurch and the cost.

11708	97	We need to bring our mill rate down not up. A new senior center is a nice to have not a need to have when economic times are tough
3188	99	
8491	97	It's ridiculous that the town has bought 3 properties and hasn't done anything with them. The idea of rebranding makes no sense because these facilities typically aren't used, as shown in the past. Seniors are the only ones who want this.

1311	97	Dont think its needed
14030	97	Love the idea of new community center that allows all members of community not just seniors and appreciate the town doing this survey to get the towns opinions.
6063	97	The seniors need this for the livelihood and the community would benefit from it as well.
7585	97	We the seniors voted NO the first time but Vicki as usual is blind we will vote no again put that money to better use like rehab the schools not building this facility for her personal big shot friends as far as I'm concerned she is just as bad as herbe

10863	97	I think the senior/community center and what I want for it also depends on the future budgeting of the schools. If the school budget is going to be low and we are at risk of closing the schools after hours that has a huge community impact for the kids. Th

8001	97	A new Community Center would be a huge asset to our town. For youth, for grownups, seniors. People move to and stay in Trumbull because of our fabulous parks and amenities and yes we CAN afford to invest in our future!!! This is why we decided to raise a

11154	97	A pool is very important!

11906	97	I would be in support of a new facility if it is cost-effective for our town. Prices are increasing daily and it makes it hard to be in support of this project at this time. However, I know that it is something that will benefit this town in the long run.
10561	97	Na
9747	97	Concerned about the tax because they continue to increase due to other projects. Needs a pool that the kids go to, there is not one in Trumbell. Needs to be a community center, not just for seniors.
10347	97	The Breakdown of cost for value is not accurate; cot of proposal seems way too high. Providing an itemized list of cost would be better for understanding.
7402	97	they should not do it
1606	97	nothing
4998	97	We don't need any new facility, sell the property and invest the money in our school system.
7043	97	I am a senior- it is already hard enough for us to live in this town. We cannot pay any more in taxes. We already told you in November we do not want this. I don't know why the Democrats keep pushing it. They need to stop.
14439	99	
14702	97	Taxes are too high now
10101	97	No, nothing else
4151	97	its foolish i mean we voted no and i mean the answers no and since covid our seniors population greatly increased we should be doing schools i mean our billboard for our town is schools what we have is schools and thats why people moved there. so we dont
8983	99	
10169	97	no
8289	97	Seniors need a new more accessible facility. The town needs more community meeting space, even for our own town boards and commissions. I'd love a new competition pool, but know the taxpayers don't have the appetite right now.
8003	99	
8717	97	I am in support of the project of it also includes an indoor pool that our town, schools and residents desperately need

7458	97	This was voted no in the previous election; so 90% of these questions are irrelevant. The answer is no.
11841	97	it would be able to have something accommodate everyone in the community.
13890	97	I like the idea of having it near where the golf and pool are currently at.
11782	97	We cannot afford this, our taxes and expenses are insane as it is. If you have extra money to spend, give it back to the residents.
