Middle Grade Novels

This list is intended for those going into grades 5 - 8. These books are considered 'borderline,' in that they would be appropriate in either the children's or young adult section, but for one reason or another ended up in one section over the other. This list is good for younger readers ready to take the next step with their chapter books. J = children's section, Y = young adult section.

This list covers a range of topics and genres
