| Variable Speed Pool Pumps | \$100/unit | ENERGY STAR certified <ul style="list-style-type: none"> ≥ 1/2 horsepower; new, not leased, rented or refurbished Booster pumps not eligible Visit EnergizeCT.com/poolpumps for a full list of qualified models | No |
| Residential Demand Response Offerings | | | |
| Eversource Wi-Fi Thermostats | \$50 enrollment/device, \$20 participation/year | Enrolling a qualified smart thermostat in the Eversource ConnectedSolutions program enables automatic adjustments of thermostats by up to five degrees during periods of high energy demand. This helps decrease overall energy use during certain times and reduces reliance on fossil fuels. Thermostat settings can be adjusted to opt out of events as needed. | No |
| UI Wi-Fi Thermostats | \$35 enrollment/device, \$25 participation/year | On peak electric demand periods, enrolled thermostats will be automatically adjusted to save energy, help the environment and improve the reliability of the electricity grid. At the start of an event, your thermostat will be automatically adjusted up to four degrees and will last approximately two hours. In addition, your thermostat may also be adjusted down two degrees prior to an event to pre-cool your home to minimize any impact on comfort. You can anticipate at least one event annually and a maximum of up to six events per summer. To be eligible for the incentives, you must have installed a qualifying connected thermostat controlling your central air conditioning system. Customers can opt out of an event at any time. | Yes |

2025 Residential Energy Efficiency Rebates and Instant Discounts

ENERGIZE CONNECTICUT

Revised January 2025

- AHRI: Air Conditioning, Heating, and Refrigeration Institute
- BPI: Building Performance Institute
- EER: Energy Efficiency Rating
- HSPF: Heating Seasonal Performance Factor
- QPL: Qualified Product List
- SEER: Seasonal Energy Efficiency Rating
- TE: Thermal Efficiency
- UEF: Uniform Energy Factor

A list of participating distributors can be found at: [EnergizeCT.com/Distributors](https://energizect.com/Distributors)

Rebates and incentives are subject to change at any time.

Equipment installations in the town of Norwich are not eligible for any instant discount rebates. Heat pump water heater, ECM boiler circulator pump and heat pump installations in the towns of Groton, Bozrah and Wallingford are not eligible for instant discounts. Visit [EnergizeCT.com](https://energizect.com) for more information and a listing of participating equipment distributors.

Call 877-WISE-USE (877-947-3837) to schedule your Home Energy Solutions assessment and service. Applicable rebates will be provided by your Home Energy Solutions technician at the end of the in-home visit.

Water Heating:

Visit [EnergizeCT.com/explore-solutions/water-heaters](https://energizect.com/explore-solutions/water-heaters) for more information and a listing of participating equipment distributors.

Residential Financing Options:

Visit capitalforchange.org/energy-efficiency-programs and ctgreenbank.com for available loan options.

Residential Qualifying Products Listing (QPL):

All eligible residential equipment must be listed on the QPL for instant discounts. The most recent listing can be found online at [EnergizeCT.com/HPQPL](https://energizect.com/HPQPL). To request additional products be added to the listing, you must submit an AHRI certificate and a completed "Add On Submission" template document for each model to EnergizeCTMidstream@ri-message.com for consideration.

For incentives on qualified equipment for properties of five or more units, please contact Wise Use at 877-WISE-USE (877-947-3873) for multifamily qualifications and information.

Call 877-WISE-USE (877-947-3873) or visit [EnergizeCT.com](https://energizect.com) for general energy efficiency questions.
